Louisville, Kentucky 40201

Dear Mr. Bledsoe:

This letter is in reference to the Lees Lane Landfill Site, Louisville, Kentucky. During our September 9 conversation, I mentioned that EPA had completed a Remedial Investigation/Feasibility Study (RI/FS) at the site. As a result of this work, the RI/FS Reports are being presented for public review.

I have enclosed, for your information and review, a draft of the RI/FS Reports and Feasibility Study Summary.

A public meeting to discuss the findings of the RI/FS is scheduled for October 15, 1985. As this date approaches, I will be calling you with more details.

In the meantime if you have any questions, please call me at (404) 881-2643.

Sincerely,

Beverly E. Houston  
Remedial Project Manager  
Emergency and Remedial  
Response Branch
